

Postnatal Drop-in Clinic

The medical midwives provide postnatal care for women who have babies in NICU, PICU or Starship.

This service is only available for women who have had a hospital midwife as their LMC or have come from outside the Auckland area. This service is not for women who have a private LMC in Auckland.

The medical midwives from Auckland City Hospital hold a drop in postnatal clinic on:

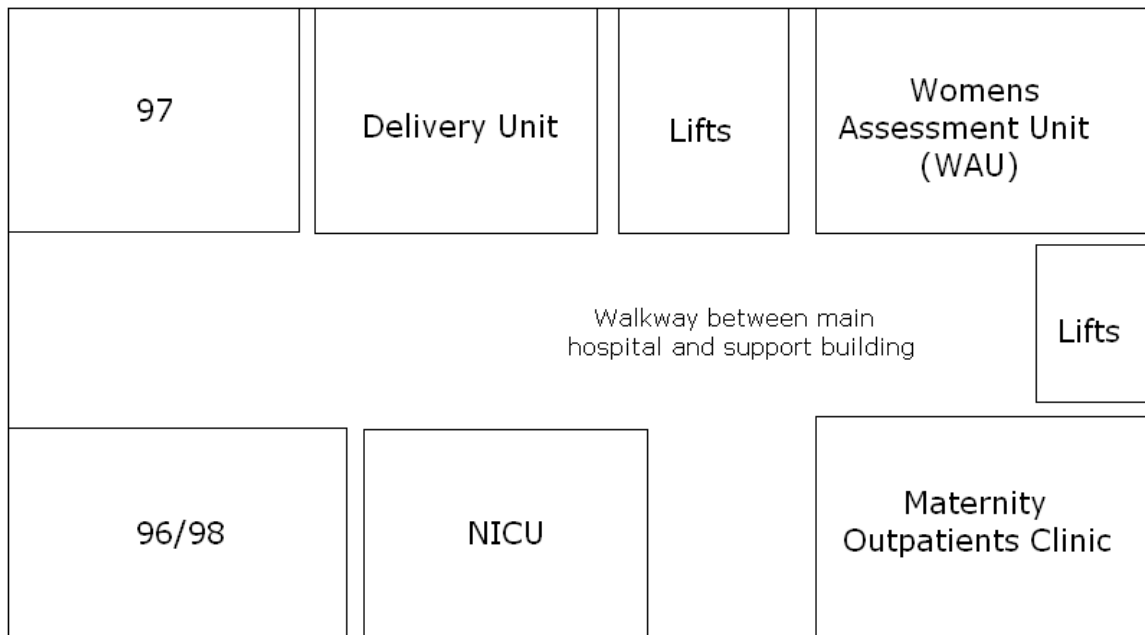

Mondays between 10-12pm

Wednesdays between 1.30-3pm

Fridays between 10-12pm

We will send you a text message on the morning of the clinic to advise you of drop-in times for that day. We invite you to drop in for a postnatal check during these hours that suit you and your baby's timetable. If you require assistance outside of these times, please get in contact via phone, or go to the Women's Assessment Unit if you need to be seen urgently.

The postnatal clinic is located in the Maternity Outpatients Clinic which is on Level 9 of the support building at Auckland City Hospital.

You can also contact us by phone (09 307 4949 + ext #) between the hours of 8am – 4pm, Monday through Friday.

Libby / Susie:	ext 25941 or 021 688 935
Helen / Tessa:	ext 25940 or 021 938 461
Linda:	ext 25942 or 021 893 174
Liz:	ext 25938 or 021 498 781

After hours, please contact the Women's Assessment Unit (WAU) on 09 307 4949 ext 25900 or 09 631 0784. WAU is located on level 9 of Auckland City Hospital in the support building and is open 24 hours a day, 7 days a week.
